### **DETAILED ACTION**

This office action is a response to the amendment filed on 2/17/2004.

#### ***Examiner's Comment***

1. Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 4-18, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement (election of species), are now subject to being rejoined. Claims 4-18 hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on 9/12/2003 is hereby withdrawn.

#### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as processes of laminating at least one ceramic green sheet constituting a thin plate and at least one ceramic green sheet having at least one hole formed thereon follow by sintering and cutting through the entire thickness of the ceramic laminate with said piezoelectric/electrostrictive element formed thereon. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.
